## WHAT IS SER JOVEN?

Ser Joven is a non-profit organisation formed by a multidisciplinary team of educators, monitors, leisure time animators who, by using their different professional experiences, intend to achieve a common goal: the value of the leisure time education.

## VOLUNTEERS' DAILY ACTIVITIES

- The main mission of the volunteer is to enhance the visibility of the activities carried out by Asociación Ser Joven both through our website and in social networks and promotion of the mobility activities among youth (social media managing; designing communication campaigns; helping to manage local volunteers).
- The second very important part of volunteer's tasks would be "working in the field" supporting our staff in order to carry out scheduled activities. The example tasks could be: support in the organization of the events and the activities (practical arrangements), contact with international partners and participants; conferences, and dissemination activities of ESC and Erasmus+ mobility programs; carrying out some of the animation activities.
