

**AFOL MILANO – SERVIZIO EURES**

USA

<b>Riferimento</b>	EURES Milano Ref. 88063/2024
<b>Mansione</b>	Chef de Partie/Demi Chef de Partie/Chef de Partie Pastry/Demi Chef de Partie Pastry Remy
	<p>The Remy on the Disney Dream &amp; Fantasy &amp; Enchanté on the Disney Wish are French gastronomic restaurants that uphold a Michelin 2* level. The restaurants cannot be awarded the stars since it is located onboard a cruise ship, but the menus are created by Chef Arnaud Lallement who currently holds 3 Michelin Stars and showcase his most famous recipes (lobster, tomato...) as well as dishes only created for Disney Cruise Line.</p> <p>You are looking at a true Michelin star environment and a unique opportunity that is not provided by any other cruise line. I would also like to add that when you work at the Remy restaurant, you only work in the Remy/Enchanté restaurant (except in an emergency), which is not the case with many other cruise companies.</p> <p>Contract information: Average Contract length: 4 months approximately. Contracts are renewable so you can do as many as you would like. You have 2 months of vacation back home between contracts. Working week: The restaurant is open every night for the dinner service and offers brunch 2 or 3 times per week on the days that the ship is at sea. The expected workload is 70 to 80 hours per week with 2 to 3 shifts off per week.</p> <p>Salary Chef de Partie: salary around \$4800 (depending on experience and interview). Salary Demi Chef de Partie: salary around \$3400 (depending on experience and interview). and \$8,25 per hour of overtime if you accept to do some. Salary Chef de Partie Pastry: salary around \$4800 (depending on experience and interview). Salary Demi Chef de Partie Pastry: salary around \$3400 (depending on experience and interview). Salary is completely tax-free since you are working in international waters and exempted of taxes when returning home.</p> <p>Also, everything is provided for you onboard: food, accommodation, medical insurance, uniforms, and your flights to and from the ship are organized and paid for by the company as well.</p> <p>Candidates Requirements:</p> <ul style="list-style-type: none"> <li>• Be 21 years old minimum</li> <li>• Speak fluent English</li> <li>• Have at least 2 years of professional experience in the position you are applying for (experience in a Michelin Star or gastronomic (fine dining) restaurant is a must).</li> </ul> <p>You have necessary to apply at this link <a href="https://en.internationalservices.fr/candidature.php">https://en.internationalservices.fr/candidature.php</a> After applying to the company website, please send your CV in English via email to <a href="mailto:eures@afolmet.it">eures@afolmet.it</a>.</p>

**AFOL MILANO – SERVIZIO EURES**

<b>Riferimento</b>	EURES Milano Ref. 88066/2024
<b>Mansione</b>	experienced hospitality professionals assistant dining room
	<p>Always dreamt about traveling to Fiji, Australia, or New Zealand? You could have the opportunity to do so by working on the Disney Wonder! Or you could also join one of the other 4 ships of the Disney Cruise Line's fleet and visit many destinations such as the Caribbean Islands, the Bahamas, Mexico, and South California! We are looking for experienced hospitality professionals with outgoing personalities who can provide exceptional guest service, create amazing memories for families, and share magical stories. Working on a cruise ship is a true challenge (long hours, being away from home) but you will live « a once in a lifetime » experience! You will be part of the amazing Disney family, gain recognize experience and receive world-class training.</p> <p>Requirements:</p> <ul style="list-style-type: none"> <li>• Have a minimum of 6 months in the past 2 years of full-time experience in a similar position (runner, waiter/waitress, server, dining room attendant, food and beverage assistant)</li> <li>• Be available to start a contract as soon as possible for 4 to 6 months (contracts can last anything between 4 to 6 months)</li> <li>• Be flexible, willing to work hard, and ready for a challenge.</li> <li>• Love working with kids.</li> <li>• Be 21 years old minimum</li> <li>• Speak fluent English</li> </ul> <p>Job responsibilities:</p> <p>Serve families with children in 3 restaurants, all with different themes and different menus. Dinner is served brasserie style for 10 to 20 guests (2 seatings). Set up and serve a buffet for Breakfast and Lunch. Serve a buffet on Castaway Cay (Disney Cruise Line's private island in the Bahamas)</p> <p>Contract information:</p> <p>Average Contract length: 6 months. Contracts are renewable so you can do as many as you would like. You have 2 months of vacation back home between contracts.</p> <p>Working week: The shop opening times vary depending on the ship being at quay/sea or depending on cruise schedules/events. The expected workload is 70 to 80 hours per week with 2 to 3 shifts off per week.</p> <p>Salary: You can expect a salary between \$2000 and \$3000 per month (US Dollars) The salary is tax-free since you are working in international waters and exempted from taxes when you return home.</p> <p>Everything is provided for you on board: Food, accommodations, medical insurance, and uniforms. Flights to and from the ship are organized and paid for by the company as well.</p> <p>Are you excited to be part of the Disney magic on board Disney Cruise Line's fleet? Then apply right now to start a contract as soon as possible, you will have paperwork to do before leaving and joining the multicultural F&amp;B team.</p> <p>Application:</p> <p>You have necessary to apply at this link <a href="https://en.internationalservices.fr/candidature.php">https://en.internationalservices.fr/candidature.php</a> After applying to the company website, please send your CV in English via email to <a href="mailto:eures@afolmet.it">eures@afolmet.it</a>.</p>

**AFOL MILANO – SERVIZIO EURES**

**DANIMARCA**

Riferimento	EURES DANIMARCA
Mansione	Junior Process Engineers & Scientists Pipeline
	<p>You might be the next Process Engineer or Scientist to join one of our many production and development sites in Greater Copenhagen Area and Hillerød, Denmark! Read on and apply today!</p> <p><b>The Position</b></p> <p>We are looking for Junior Process Engineers &amp; Scientists who have an interest in understanding pharmaceutical processes, developing monitoring tools and analyzing data for recommendations for improvements and development. Furthermore, you have an interest in business impact and understanding how interconnected decisions play a crucial role when manufacturing pharmaceuticals.</p> <p>As a Process Engineer or Scientist, you will get a chance to:</p> <ul style="list-style-type: none"> <li>- Analyze large amounts of data for extracting correlation and causation for process understanding.</li> <li>- Examine and understand data from quality control (QC) analyses.</li> <li>- Develop, maintain, and recommend statistical process control charts for process monitoring.</li> <li>- Use a science, data-based approach for quantifying process deviations.</li> <li>- Utilize a team-based approach for recommending process improvements- optimizations.</li> <li>- Build on your skills and experience together with highly dedicated colleagues.</li> <li>- Work in a proactive, solution-oriented, environment where everyone likes to share knowledge and collaborate effectively.</li> <li>- Handle deviations when processes do not operate as intended.</li> <li>- Write and execute change requests to implement improvements including validation when required.</li> <li>- Take part in cross-functional meetings to align and further develop processes across the production site.</li> </ul> <p>Being a Process Engineer or Scientist gives you a great opportunity to play a part in shaping the future of manufacturing across the organization, in close collaboration with teach-transfer across our organization. We will match your profile with relevant roles depending on your level of experience and professional background. We work with positions that range from entry-level to process engineers and scientists who have up to a couple years of experience.</p> <p>Junior Process Engineers or Scientists candidates should have the following qualifications:</p> <ul style="list-style-type: none"> <li>- A bachelor's or master's degree in chemistry, natural science, mechanical engineering, production engineering or a related field.</li> <li>- Be interested in pharmaceutical, with GMP knowledge being an advantage.</li> <li>- Have the ability to independently understand scientific principles required for manufacturing pharmaceutical substances related to the interaction of chemistry and equipment, alongside having an ability to monitor data and extract information.</li> <li>- Be curious for connecting the understanding of process science to product quality.</li> <li>- Have an appetite for solving complex problems applying a systems approach to manage complexity and reach feasible applicable solutions.</li> <li>- Be professionally proficient in written and spoken English. Knowledge of Danish or other language is considered a plus.</li> <li>- For all our Junior Process Engineers &amp; Scientists positions, it is key that you understand how to convey complex information to varying audiences and thereby, explain the purpose to get everyone onboard.</li> </ul> <p>Apply and be matched with multiple job opportunities</p> <p>When you apply to our pipeline, you will be considered for all Junior Process Engineer &amp; Scientist positions across Product Supply &amp; Quality (PSQ) in the locations where you have shown interest. If you prefer a specific production or business area, please indicate it in your CV, and we will do our best to find the right fit for you.</p> <p>We continuously match your profile with all suitable positions to ensure that you don't miss out on any life-changing career opportunities. This means that you will automatically be considered for all openings in the area across our factories. Don't wait any longer to take the next step in your career - apply now and let us help you find the perfect match!</p> <p>We review applications continuously and if we identify a match, you will be invited for an interview. When an opportunity arises, we will reach out, tell you about the position and invite you for an interview with the Hiring Manager. You will only be contacted if we find a relevant position that matches your profile, and we have a Hiring Manager who is interested in your profile.</p> <p>We will keep your application for up to six months ensuring the best opportunities to provide a strong match for open positions, unless you inform us that you wish to withdraw.</p> <p>Ready to elevate your career? Our talent pipelines offer diverse opportunities tailored to various skill sets and goals. If you still feel unsure, we cordially invite you to investigate which pathway aligns with your strengths and aspirations. Embrace the future and unlock your potential by exploring our talent pipelines.</p>

<b>Riferimento</b>	EURES DANIMARCA
<b>Mansione</b>	Maskinmester Pipeline / Marine Engineer
	<p>At our many different sites in Denmark, we are hiring Maskinmester/Marine Engineers. Through this pipeline, we are looking for candidates in the Greater Copenhagen Area, Hillerød, Kalundborg, Hjørring and Odense.</p> <p><b>The Position</b></p> <p>As a Maskinmester, your responsibilities will include ensuring the stable operation of facilities, establishing and adhering to maintenance plans, optimizing facilities, and implementing upgrades, conversions, and renovations. You will work closely with the factory's production team, permanent craftsmen, and other stakeholders to define, coordinate, and plan tasks. Additionally, you may participate in the company's 24/7 duty roster in your site of work and ensuring operation during off-hours. Your work will be both practical and administrative in nature.</p> <p>The positions we offer are within our expanding support and technical teams, and we are seeking skilled maskinmesters to execute on various ongoing activities. This will require extensive planning and coordination within departments and with external vendors.</p> <p>We are also looking for colleagues to support the organization with existing production facilities and related production and development processes.</p> <p>Depending on your level of experience and professional background, we will match your profile with relevant roles ranging from entry-level to senior positions.</p> <p>You will have a range of responsibilities, including:</p> <ul style="list-style-type: none"> <li>- Maintaining large HVAC systems or process air systems, ammonia systems.</li> <li>- Ensuring maximum uptime for our technical supply systems to support 24/7 research, development, and production.</li> <li>- Continuously optimizing the operational economy of technical systems.</li> <li>- Driving and executing various energy projects related to operations of different characters and complexities.</li> <li>- Ensuring compliance with applicable rules, regulations, and procedures.</li> <li>- Following up on stable operation of facilities.</li> <li>- Establishing and adhering to maintenance plans.</li> <li>- Implementing upgrades, conversions, and renovations.</li> </ul> <p><b>Qualifications for Maskinmester/Marine Engineers positions:</b></p> <ul style="list-style-type: none"> <li>- Professional Bachelor as Maskinmester/Marine Engineer or equivalent.</li> <li>- Technical know-how of productions systems acquired from industry or education is preferred.</li> <li>- Being familiar with LEAN principles and can work in accordance with them.</li> <li>- Having the ability to monitor data and extract information.</li> <li>- Having appetite for connecting the understanding of process science to product quality.</li> <li>- Being professionally proficient in written and spoken English and Danish.</li> </ul> <p>Apply and be matched to multiple job opportunities</p> <p>When you apply to our pipeline, you will be considered for all Maskinmester positions across Product Supply &amp; Quality (PSQ) in all our sites. If you prefer a specific production or business area, please indicate it in your CV, and we will do our best to find the right fit for you.</p> <p>We'll match your profile continuously against all suitable positions to ensure you don't miss out on a life-changing career. This way you will automatically be considered as a potential match for all openings in the area across our factories.</p> <p>We review applications continuously and if we identify a match, you will be invited for an interview.
